CUSTOMIZE A CART AS UNIQUE AS YOUR BUSINESS!

Unique Vending Carts offers outstanding carts for the mobile food industry. They are made of fiberglass coated with the highest quality gel-coat paint, which provides UV protection, making the colors vivid and long lasting. Fiberglass coupled with aluminum and stainless steel creates carts that are lightweight, easy to clean and maintain, more hygienic and durable.

Unique Vending Carts provides a wonderful business opportunity. Our carts are present in five continents, serving business owners young and old, giving a special touch to fundraisers at churches and

schools. They are also perfect for events at arenas, universities, cruise ships, shopping centers, parks, casinos, amusement parks, party rentals and many other concession locations. With a low start-up cost, you can open your own business and in a good location, have your investment return in days!

We are constantly evolving, our team diligently working to produce carts with style, adapting to new demands and requirements. You can expect nothing but the best and we look forward to serving you with our Unique Vending Carts!
